

Siva's 2021–22 California Science Test (CAST)

FOR THE FAMILY OF:
SIVA SUNDAR
 2706 CORTE VERA CRUZ
 PLEASANTON, CA 94566

Student #: 8434506576
Date of Birth: 06/30/2011
Grade: 5
Test Date: Spring 2022
School: Walnut Grove Elementary
LEA: Pleasanton Unified
CDS: 01751010000000

Statewide Assessments: Just One Measure of Siva's Progress

This year, students in grade five took the California Science Test (CAST). This test measures students' understanding of the California Next Generation Science Standards (CA NGSS), which cover the core ideas, concepts, and practices in science and engineering. The CAST is one measure of your child's academic performance. Your child's results should be viewed with other available information—such as classroom tests, assignments, and grades.

Siva's Overall Science Level for 2021–22

LEVEL
3
Standard Met

What do my child's scores mean?

There are four levels of scores for science. "Standard Met" and "Standard Exceeded" are the state targets for all students.

- **Standard Exceeded** (Level 4)
- **Standard Met** (Level 3)
- **Standard Nearly Met** (Level 2)
- **Standard Not Met** (Level 1)

About the CAST for Grade Five

The CAST is a science test that measures how well your child understands the scientific core ideas, concepts, and practices in the CA NGSS. The CAST assesses skills such as critical thinking and problem solving. The CAST contains stand-alone questions and performance tasks. The stand-alone questions include multiple choice, matching, fill-in, graphing, and short written responses. The performance tasks ask students to make sense of scientific phenomena in simulated experiments or real-world situations. The knowledge and skills assessed on the CAST are critical for students to be prepared for success in college or a career.

Siva's 2021–22 California Science Test (CAST)

Standard Met

Siva's score of 215 met the standard for grade five science.

Science Area Performance

How well does your child understand the core ideas, concepts, and practices in each science domain?

Life Sciences: Focusing on structures and processes in living things, ecosystems, heredity, and biological evolution

Physical Sciences: Focusing on matter and its interactions, motion and stability, energy, and waves and their applications

Earth and Space Sciences: Focusing on Earth's place in the universe, Earth's systems, and Earth and human activity

Parent/Guardian Resources

Visit the Starting Smarter website at <https://ca.startingsmarter.org/> to

- understand your child's score report,
- review sample test questions, and
- find free resources to support your child's learning.

Complete results for schools, districts, and the state are available on the Test Results for California's Assessments website at <https://caaspp-elpac.cde.ca.gov/>.
